

### 0.0.1 The Elephant Protection

“Do not strike the Naga, O Kunjara,  
 Indeed suffering [results] from the striking of  
 the Naga, O Kunjara;  
 Truly because of not striking the Naga, O Kun-  
 jara  
 a happy destination comes to be from this  
 [state] to another.

Do not be proud, and do not be negligent.  
 Indeed the negligent ones do not go to a happy  
 state.  
 You should do only that by which thus [done],  
 you will go to a happy state.”
