“Do not strike the Naga, O Kunjara,
 Indeed suffering [results] from the striking of
 the Naga, O Kunjara;
 Truly because of not striking the Naga, O Kun-
 jara
 a happy destination comes to be from this
 [state] to another.

Do not be proud, and do not be negligent.
 Indeed the negligent ones do not go to a happy
 state.
 You should do only that by which thus [done],
 you will go to a happy state.”
