1. Whichever path, O bhikkhus, whichever treading leads to the extinction of thirsting, that path, that treading you must develop. But what path, O bhikkhus, what treading leads to the extinction of thirsting? That is the seven factors of awakening. Which seven? The mindfulness awakening factor, the investigation of dhammas awakening factor, the energy awakening factor, the happiness awakening factor, the tranquility awakening factor, the samadhi awakening factor, the equanimity awakening factor. When thus was said, the venerable Udayi said this to the Auspicious One: “How, O Bhante, are the seven awakening factors developed and made habitual in order to lead to the extinction of thirsting?”
