

0.0.1 extinction

1. Whichever path, O bhikkhus, whichever way to tread, leads to the extinction of thirsting, that path, that way to tread, you must develop. But what path, O bhikkhus, what way to tread, leads to the extinction of thirsting? That is the seven factors of awakening. Which seven? The mindfulness awakening factor, the investigation of dhammas awakening factor, the energy awakening factor, the happiness awakening factor, the tranquility awakening factor, the samadhi awakening factor, the equanimity awakening factor. When thus was said, the venerable Udayi said this to the Auspicious One: “How, O Bhante, are the seven awakening factors developed and made habitual in order to lead to the extinction of thirsting?”

2. “Here, O Udayi, a bhikkhu enculturates the mindfulness awakening factor in dependence on seclusion, in dependence on fading away, in dependence on cessation, maturing in relinquishment, abundant, exalted, immeasurable, free from affliction. For him enculturating the mindfulness awakening factor in dependence on seclusion, in dependence on fading away, in dependence on cessation, maturing in relinquishment, abundant, exalted, immeasurable, free from affliction, there is the abandoning of thirsting. With the abandoning of thirsting, there is the abandoning of kamma. With the abandoning of kamma, there is the abandoning of suffering.
