2. And what, O bhikkhus, is superhuman power? Here, O bhikkhus, a bhikkhu experiences the various modes of superhuman power. Having been one, he becomes manifold. Having been manifold too, he becomes one. He becomes visible. He becomes invisible. He goes through a wall, through a rampart, through a mountain without being touched, as if in the air. He emerges from and descend into the earth too, as if in water. He goes on water too, without it being pierced, as if on the ground. He moves cross-legged in the air too, as if a winged bird. These too, the sun and moon, so mighty, so majestic, he touches and strokes with his hand. He exerts control with his body, even as far as the Brahma world. This, O bhikkhus, is called superhuman power.
